

Actions we are taking concerning COVID-19

As a family owned business, we understand your concern for the health and safety of your loved ones around the COVID-19 outbreak. The well-being of you as well as our own employees has and will always be our first priority whether in the normal course of a transaction on a normal day or during worrying times.

We are closely following the guidelines from the CDC and our local health officials and want to insure that your visit to our showroom is a safe and comfortable experience.

Some of the actions we are taking include:

- Cleaning protocols throughout the day and between each customer visit
- Reinforced social distancing in our stress free, pressure free showroom
- Added safety protocols to our home delivery service, including required hand sanitizer use among team members
- **Disposable mattress and pillow protectors**
- **Point of purchase signature alternatives and credit card handling**

Our goal is to make you feel safe and be assured that your mattress purchase and delivery will be a worry free and stress free experience. It is your home, you've kept it safe and we will always honor your security.
